RECOMMENDATION

The Department recommends approval of additional expenditures for intervention work in "state-monitored" schools.

SUMMARY OF PREVIOUS STATE BOARD OF EDUCATION DISCUSSION AND ACTION

The State Board of Education has approved expenditure plans for state-monitored schools in May 2003, November 2003, and January 2004. The intervention activities have involved 16 elementary schools, six middle schools, and 11 high schools, and total expenditures have been approximately \$10.2 million.

SUMMARY OF KEY ISSUES

The Department is required by Assembly Bill 312 [Section 5 (e)] to submit a plan to the Legislature for the expenditure of funds for state-monitored schools, after the plan is adopted by the State Board. Approval of this plan will allow the Department to notice the Legislature and to grant funds on a timely basis.

The funds appropriated in Budget Act 2003-04, Item 6110-136-0890, Schedule (1) and Item 6110-123-0001, Schedule (3) are available upon notice to the State Legislature to support schools in FY 2003-04 to work with School Assistance and Intervention Teams or schools subject to other state sanctions/interventions, as recommended by the State Superintendent of Public Instruction (SPI) and approved by the State Board of Education.

A Last Minute Memorandum will include funding amounts for any additional "state-monitored" schools.

FISCAL ANALYSIS (AS APPROPRIATE)

The fiscal impact of the expenditure plans recommended for approval under this agenda item will be provided in a Last Minute Memorandum.
